

The pedal valves are available with protection or without protection, with or without lock.  
Available functions are 3/2 and 5/2.  
The large base ensures stability during the use.

Pedálové ventily jsou k dispozici s krytem nebo bez krytu, se zámkem nebo bez zámkem.  
Dostupné funkce jsou 3/2 a 5/2.  
Velká základna zajišťuje stabilitu během používání.

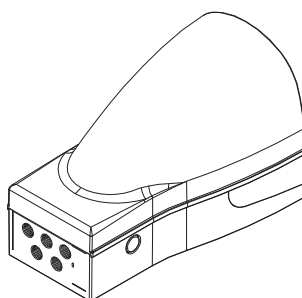

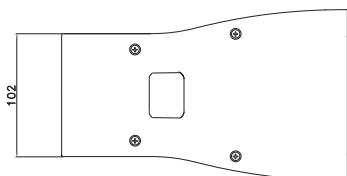

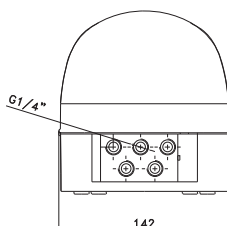

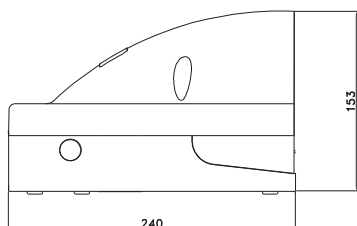

La serie di valvole a pedale, vengono proposte con o senza protezione, con fermo di sicurezza o senza e nelle funzioni 3/2 e 5/2.  
L'ampia base d'appoggio, garantisce ottima stabilità durante l'utilizzo.

### TECHNICAL DATA / TECHNICKÁ DATA / DATI TECNICI

Fluid / Tekutina / Fluido	Lubricated or non lubricated air / Mazaný nebo nemazaný vzduch / Aria con o senza lubrificazione
Temperature range / Provozní teplota / Temperatura di esercizio	-10°C / +60°C
Max operating pressure / Maximální pracovní tlak / Pressione massima di esercizio	10 bar
Nominal orifice / Jmenovitý průměr / Diametro nominale	1/4: 7,5mm

### COMPONENTS / KOMPONENTY / COMPONENTI

Protection cover / Ochranný kryt / Protezione	Plastic / Plastický / Plastica
Body / Tělo / Corpo	Aluminium / Hliník / Alluminio
Spool / Šoupátko / Spola	Nickel plated aluminium / Poniklovaný hliník / Alluminio nichelato
Seals / Těsnění / Guarnizioni	NBR
Spring / Pružina / Molla	Steel / Nerezová ocel / Inox
